EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tong Wu on 5-25-2006.

The application has been amended as follows: In line 4 of claim 1 and line 5 of claim 18, add --one-piece-- after "unitary".

The following is an examiner's statement of reasons for allowance: The above change was made merely for clarity purposes. Throughout applicant's specification, unitary has been taken to mean one-piece. One-piece has been added to clarify that the housing is formed from one piece, as intended in the specification, as compared to many pieces that are fasted together to form an integral housing. Such a housing containing the heat exchanger, displacer cylinder and a portion of the prime mover has not been found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William C. Doerrler whose telephone number is (571) 272-4807. The examiner can normally be reached on Monday-Friday 6:30-4:30.
